Nobody knows babies better than mom...so we asked moms what's most important when choosing a diaper for their baby. Moms want absorbent diapers that prevent leaks, materials that are soft and gentle on baby's skin, a snug fit at every stage of growth, a natural fit to increase baby's comfort and fun, colorful diaper designs to keep them smiling. Comfees® was developed to address these important needs.

## **People First Industries**

**People First Industries of Bryan County is a non-profit organization devoted to promoting independence for adults with developmental disabilities through training and work opportunities.**

Working with Concordance Healthcare Solution and Domtar Personal Care brands, Attends®/Comfees®, provides real job experience to our client-employees by giving them the opportunity to gain skills, such as operating a pallet jack to load and unload truckloads of product to stock and stage in our new warehouse. It also allows them to use a shipping checklist to pull, palletize, wrap and label product needed to get large orders shipped to various customers. On smaller orders our client-employees pull the product, weigh and create a shipment using FedEx software in our shipping department. Briefs that are housed in our facility are inventoried on a monthly basis with the help of our client-employees.

Thank you for your continued support in helping us achieve our goals and mission.
